Gillian and Bronwyn

Gillian and Bronwyn are two Registered Nurses based in Palmerston North working as Whole of Life Vaccinators for National Public Health Service. As dedicated team members, they have been collaborating with Te Waka Huia Outreach Immunisation Service since October 2023, committing 2 days per week where they assisted staff to vaccinate tamariki and whanau. Throughout this period, they've made significant strides to help Te Waka Huia reduce the number of referrals on their overdue list. After 8 months of partnership, the team at Te Waka Huia have attained a significant milestone and reached the conclusion that their intervention has effectively mitigated the need for their ongoing presence. Consequently, they can confidently manage their ongoing list and referrals having 'caught' enough without prolonged delays for whanau.

“with their support we have managed to reduce our list to manageable number so we can focus on the really hard to reach whānau now” – Angela Tahiwī (Clinical Lead Te Waka Huia).

As they conclude their joint efforts, Te Waka Huia honoured their partnership with a heartfelt gesture – a special lunch and the gift of pounamu, fern and a gift box. Gillian and Bronwyn were deeply moved by this meaningful acknowledgement.

“We have truly enjoyed having Gillian and Bronwyn, they quickly became an extension of our working whānau here at Te Waka Huia” – Del Te Oka (CE Te Waka Huia).
