

TE PAE ORANGA

RUAHINE | TARARUA

Nau mai te tau 2024

E ngā mana, e ngā reo, e aku rangatira, tēnā koutou. Ko te reo mihimihi tēnei o Tāhū Ora e rere ana ki a koutou katoa. Ko te tūmanako ia i pai tō koutou wā whakatā kia whakakī anō te puna oranga kia ngawari ake te ara tāpokopoko i mua i a tatou i te tau hou pākehā e heke mai nei. E tangi tonu ana te ngākau ki ngā mate huhua o te wā. Rere atu e kui mā, e koro mā ki tua o te ārai, haere, haere haere atu rā. Nō reira āpiti hono tātai hono, te hunga mate ki te hunga mate. Āpiti hono tātai hono te hunga ora ki te hunga ora. Tēnā tātou katoa. We hope you had (or are still having) a restful break and getting to reconnect with whānau and friends to recharge yourself in preparation for the year ahead. Nā Dan Arapere (Pitau Whakarei)

Engagement with The Honourable Shane Reti, Minister of Health

The Minister came on to a Teams with IMPB Chairs the week following the confirmation of government. He reiterated that IMPBs will remain with his wish to “power up” or “gas up” their role and responsibilities. He also advised that kaimahi employed by Te Aka Whai Ora will be “exited with dignity”. These changes will mean amendments to the legislation so that will take some time. No formal update since that initial engagement.

Ten of the 15 IMPBs signed a collective letter to the Minister. Amongst other matters, the Chairs have asked to meet with the Minister at the earliest. Receipt of the letter was acknowledged by his office this morning.

Job Vacancy

Kaiarahi Kaupapa (Project Leader & Manager)

Kaiarahi Kaupapa (Project Leader & Manager)

- Fixed Term (12 months), full-time role

Tāhū Ora is a backbone of transformation warriors who work passionately in the Manawatu Rohe to support the improvement of Hauora Māori. Our main mahi is to take the strategic goals of Te Pae Oranga o Ruahine o Tararua, the Iwi Māori Partnership Board; and turn them into action! Join us to make meaningful contribution to our Iwi, hapu and whānau through the creation of equitable, accessible, cohesive and whānau driven kaupapa within the health system. We are looking for change makers and innovators to join our team to manage, lead, facilitate and support new and exciting hauora māori kaupapa for our rohe.

For more information on this position click [here](#). Applications will close Friday 26 January 2024.

Hauora Māori partners connect at regional Kahu Taurima wānanga across Aotearoa

Hauora Māori partners delivering improved maternity and early years services as part of Kahu Taurima have connected and shared knowledge at a series of regional wānanga across Aotearoa.

Kahu Taurima is the joint approach between Te Aka Whai Ora and Te Whatu Ora on maternity and early years – pre-conception to five years old, or the first 2,000 days of life – for all families in Aotearoa New Zealand.

As part of the programme, forty hauora Māori partners across the country are developing and implementing Te Ao Māori Models of Care for maternity, child growth and development, and delivering a range of initiatives including developing telehealth pathways, a maternal mental health and wellbeing assessment tool,

strengthening the Māori midwifery and child growth development nursing workforce, and developing educational programmes.

The wānanga, which were held in Te Tai Tokerau (Northland), Hamilton (Kiriikiriroa), Whakatane, Te Papaioea (Palmerston North) and Ōtautahi (Christchurch), were an opportunity for partners to whakawhanaungatanga and discuss how they are working to achieve equitable outcomes.
